Samsung 4K UHD Smart Signage

With 4K UHD Smart Signage models, display any content in ultra-high-definition and engage customers with lifelike images and incredibly colors in an efficient signage device.

Deliver UHD-grade image quality even with lower resolution content through innovative UHD upscaling technology and unique image retouching capabilities.

Dynamic Crystal Color allows customers to enjoy a wider spectrum of colors, up to 1 billion shades.

Adapt the size to your needs and space, from 50" to 98".

Samsung Outdoor

Provide messages with visibility in semi-outdoor and outdoor environments without risk of damage due to the continuous panel composition with high TNi content and reduce operational load through the highly durable and convenient OMH series multifunction displays.

The built-in MagicInfo Player S4, supported by the powerful TIZEN operating system, boosts the overall performance of the displays, allows for smooth content management, and ensures seamless content transition and playback.

LG webOS Ultra HD Series

With superb image quality and cutting-edge intelligence, the UH5F series brings colors to life without the need for peripherals.

With the resolution 4 times higher than FHD, it makes the color and details of the content more vivid and lifelike.

Furthermore, the wide viewing angle applied with the LG IPS Panel provides clear content without distortion.
